Subject: Proposed Hackney Carriage Stand

Hello Mark

As you are aware, the Leighton Linlade Partnership Committee identified the preferred option for a new taxi rank as North Street with Lake Street as a second choice. Our Highways Section believe that there is potential for congestion if a rank was to be sited in North Street due to vehicles having to turn around to exit, however, they have identified Lake Street as a potential rank for 6 taxis.

Unfortunately the only site identified will mean the loss of parking spaces. The proposal would be to revoke the current stands in Market Square and to create 6 spaces in the area outside Perfect Parties and the Breast Cancer Care Charity shop.

If you wish to make a formal request for us to revoke the current stands in Market Square and create a new stand in Lake Street, I would be happy to start the consultation process.

Kind Regards
