

RESURFACING OF OUR ROAD FROM SOUTHCOTT SCHOOL

Firstly, sorry for the delay in updating you. I can assure you I have been regularly contacting Central Bedfordshire Council (CBC), however until Friday I didn't have anything concrete to report back.

We had 39 replies to the note I put through all the letter boxes, all of which were sent to CBC via Royal Mail, as well as via email.

CBC have now confirmed:

- They have looked at the condition of the road and said they could have intervened earlier, which would have prevented us getting to this position.
- Unfortunately, due to the budget and existing plans in place, our road will not be resurfaced in this year.
- Our road is being considered for resurfacing as part of next year's resurfacing programme.
- I will be informed where the resurfacing of our road is, within the programme, when they have completed the review. (I am now awaiting confirmation of when that is likely to be.)

I will of course let you know as soon as I hear anything further.
