There will be routes into employment for all ages, such as apprenticeships and schemes for older people which will result in not only in increased income, but improved health and raised self esteem.
CBC Five year Plan draft	Creating Stronger Communities	ongoing	We will work to build stronger local communities, providing a greater sense of place and participation in local affairs and services. This will help create greater resilience and reduce social isolation People will be supported to help themselves and others. Residents of all ages and organisations, such as Town and Parish Councils will have opportunity to do more – on either a voluntary or a paid basis. We are particularly keen to draw on the skills of our older residents to support their community and build social infrastructure, promoting social inclusion.
