25	Review and update the Tourism Strategy.	31 March 2016	Links to Partnership work with CBC services. <i>Expected involvement of Experience Bedfordshire in the Market Towns Regeneration Fund criteria did not emerge.</i>
40	Continue to improve walking routes to the town centre, railway station and local schools.	Ongoing	
CBC Five Year Plan draft	Enhancing Central Bedfordshire	ongoing	We want to improve Central Bedfordshire as a place to live, by enhancing prosperity with more and better jobs; to improve infrastructure, and to provide the quantity and type of housing needed by our residents while maintaining and enhancing the

			<p>character of Central Bedfordshire.</p> <p>We will nurture housing growth that offers a range of opportunities for people to live in housing that is affordable, sensitive to their needs and of great quality.</p> <p>We will strive to retain the character of Central Bedfordshire that is so cherished by its residents and will address any concerns they may have around safety in their communities.</p> <p>Our development will be facilitated by great infrastructure, such as Broadband, Wi-Fi and transport. Our Market Towns and villages will thrive and prosper, with improved town centres and facilities.</p>
CBC Five Year Plan draft	Improving Education and Skills	ongoing	<p>We will support the academic and social success, and physical wellbeing of our children and young people, working with schools, parents and communities. In addition, because learning is a lifelong activity, opportunities will be available for adults to continue to develop their existing skills and learn new ones.</p> <p>We will have created opportunities for everyone to have the access and incentives to work, either in Central Bedfordshire or in other areas, which they will be able to get to with ease. There will be routes into employment for all ages, such as apprenticeships and schemes for older people which will result in not only in increased income, but improved health and raised self-esteem.</p>
CBC Five year Plan draft	Creating Stronger Communities	ongoing	<p>We will work to build stronger local communities, providing a greater sense of place and participation in local affairs and services. This will help create greater resilience and reduce social isolation. People will be supported to help themselves and others. Residents of all ages and organisations, such as Town and Parish Councils will have opportunity to do more – on either a voluntary or a paid basis.</p> <p>We are particularly keen to draw on the skills of our older residents to support their community and build social infrastructure, promoting social inclusion. Community spirit will be high and the skills of residents will have grown.</p>

WORK PLAN 2016-2017
