1. RECOMMENDATION

Should the Policy and Finance Committee be minded:-

1.1 To note the proposed timetable for the 2022-2023 budget setting process.

2 BACKGROUND

2.1 In accordance with established practice, the Town Council will be expected to have set a precept and to have notified the billing authority (Central Bedfordshire Council) of that amount by January 2022. Whilst extremely rare, a failure to do so could mean that the billing authority will not precept on behalf of the Town Council.

2.2 In order to meet the submission deadline, the budget setting process begins in earnest in September culminating in a budget being taken to Council in January for its ratification.

2.3 Key to better understanding the financial implications of any likely budget, the council tax base is not usually available until December. For a growth town, this information is critical as it can have a significant impact upon the Band D equivalent figure.
