

	<p>7. Make recommendations on strategically significant projects to the relevant Council's decision-making committees, including Committees of the Town Council.</p> <p>8. Develop and maintain joint branding of communication, agendas and minutes.</p> <p>9. To enable communities to discuss services and influence decisions at the local level as to how these services are delivered.</p> <p>10. To provide a forum for two-way communication about public service delivery and the implementation and effectiveness of policies affecting the town.</p> <p>11. Promote resilience by encouraging communities to do more for themselves and champion local solutions.</p> <p>12. Consider the ways in which proposals and initiatives can help to advance equality of opportunity, eliminate discrimination and foster good relations.</p>
