# 2021-22 recap

With the continued disruption of covid we have adapted to the needs of the community.

When things started to look up in the summer, we decided to grow the organisation by taking on a building (Pages Park Pavilion) to run sessions and create more inclusive opportunities during term times as well as our usual specialist sessions during the school holidays.

# What have we done?

During the summer holidays we were able to increase opening times and our capacity, we welcome our existing members back and new members to our additional needs sessions.

In September we opened our community café, and welcomed the whole community, as well as creating opportunities for pre schoolers, we host time banking, Macintyre students (from the local care home) and a place where parents come and chat and get supporting on issues families with special needs face.

During our opening times we host a variety of different sessions like music and movement, Makaton (sign language) sessions and we welcome organisations to come and let the community know about their opportunities too.

We would consider ourselves a support hub and have become an integral part of the local community.

We would like to take this opportunity to thank the town council for its continued support in helping us make a difference to our local community.

If any members would like more information on our project, please feel free to contact us at [info@freddieandfriends.org](mailto:info@freddieandfriends.org)
